Diapers – Metropolitan Detroit Diaper Bank

Infants and children's diapers are distributed monthly to multi-cultural, tri-county communities using the MDDDB online request system and outreach efforts in the tri-county area for children, and infants.

Each month parents make a request for diapers on the MDDDB online request form at detroitdiaperbank.com/diapers. The online request form generates a pickup list for each site. The pickup list provides an email and phone number for each parent. Our distribution sites follow a contactless drive thru model that requires the parents to place their name in the front windshield, pop the trunk and let our volunteers place diapers in the trunk according to the online generated pickup list.

Complete the registration form via the link by scanning the QR code.
